PROFILE SUMMARY

Software Engineer with 7+ years of experience in web application development, leading product cycles from conception to deployment. Expertise in building **scalable, high-performance applications**, with hands-on experience in **end-to-end development, agile methodologies**, and **team leadership**. Strong in **problem-solving, system analysis**, and **cross-functional collaboration**, delivering high-quality, business-focused solutions.

TECHNICAL SKILLS

- Angular 2+(v2 – v20)
- REST API Integration
- .NET C#
- RxJS
- Bootstrap
- HTML5, CSS3
- .Net Web API
- Git
- Agile/Scrum
- Javascript(ES6+)
- PWA
- JIRA
- GitHub Copilot
- Typescript

EDUCATION

- Masters of Computer Applications - **Bhilai Institute of Technology** (CSVТУ, Durg) | (2015-2018)
- Bachelor of Computer Applications - **St. Thomas College** (PRSU, Raipur) | (2011-2014)

PROFESSIONAL EXPERIENCE

1) Senior Software Lead Engineer | FIS Global, Chennai | Oct 2021 - Present

Projects

- BOD-BOU Web Application (Angular 20 | HTML | Angular Material | CSS)
- Enterprise Alert Web Application (Angular 18 | HTML | CSS)
- BOD-Deposit Web Application (Angular 20 | HTML | CSS)

Responsibilities

- Working for a migration project, overseeing a team responsible for upgrading to the latest version of Angular while actively contributing to development work.
- Implementing best practices and coding standards to ensure maintainability and scalability of angular applications by applying modern techniques including modular architecture and **lazy loading**
- Built and integrated **Micro-Frontend applications** using Angular, achieving **30% reduction in page load time** through **code splitting, lazy loading**, and **optimized API calls**.
- Managing **end-to-end delivery** of frontend modules for enterprise banking applications, ensuring alignment with business requirements and timelines.
- Integrated **Progressive Web Application(PWA)** features to enhance **offline functionality** and **mobile performance**, resulting in a **20% boost in user engagement** across key projects.

2) Software UX Engineer | Divami Design Labs Pvt Ltd, Hyderabad | Dec 2020 - Oct 2021

Projects

- One Money Web Application (Angular 8 | .Net C# | SQL | Azure)
- MaxisIT Web Application (HTML | Javascript | CSS | Angular10)
- Finpro Web Application (Angular 8 | HTML | .Net C#)

Responsibilities

- Collaborated with clients to gather requirements and translate them into high-level UI/UX designs, aligning business needs with user-centric design principles.
- Designed, developed, and consumed RESTful APIs using .NET C# to implement complex business logic and efficient data processing for enterprise-grade applications.
- Built dynamic and responsive front-end applications using Angular, TypeScript, and JavaScript, ensuring high performance and enhanced user experience.
- Collaborated with cross-functional teams to gather requirements, define technical solutions, and provide strategic guidance throughout the development lifecycle.
- Demonstrated proficiency in Git and version control tools for efficient code management, collaboration, and continuous integration.

3) Software Engineer- II | Interbiz Consulting Pvt Ltd, Raipur | Jan 2018 - Dec 2020

Projects

- TAC - Trinity Air & Medical Application Center (Angular 8 | .Net Core 3.1 | C# | SQL)
- Protocol Now (Angular 8, .Net C#, SQL Server, .Net Web API)

Responsibilities

- Led a team of 5 developers in designing, developing, and deploying scalable web applications using Angular (8+), overseeing end-to-end project lifecycle while ensuring on-time delivery and adherence to high-quality standards.
- Developed end-to-end web applications using Angular for the front-end and .NET C# for back-end services. Designed and implemented RESTful APIs to enable seamless integration between client and server, ensuring efficient data flow and scalable application architecture.
- Mentored junior developers to enhance code quality, accelerate delivery timelines, and foster adherence to best coding standards, resulting in improved team productivity.

REWARDS & RECOGNITIONS

- **Star award** for successfully delivering enterprise applications with high reliability and performance.
- **5 Star Extra Dark** Level Appreciation for Great Ownership and Client Communication in OneMoney, **Divami Design Labs**.
- **5 Star Extra Dark** Level Appreciation for Client communication and going above and beyond to meet the timeliness in MaxisIT, **Divami Design Labs**.
- **Rockstar award** for the accomplishment of projects with efficient and great effort in **Divami Design Labs Pvt Ltd**.
- **Platinum Level Appreciation** for Responsive UI Design in Protocol Now, **Interbiz Consulting Pvt Ltd**.
